

Your voice matters to us

We will make our involvement activities more **accessible**.

We want to be **inclusive** so we ask for help to make sure that we are.

Across West Yorkshire, we will be **fair to all**.

We **communicate** with clear, simple and meaningful messages that are open, honest, transparent and timely

We know that **diversity** is a strength so we engage with communities to reach and target people.

We work with voluntary and community groups, and local Healthwatch, to help us do this.

We care
We listen
We act

We **value** and use your input, expertise and insight.

We will tell you how your involvement has made a difference.

We provide **support** to make involvement easier for everyone.

We build relationships and keep in touch.

We will plan and design with you and spend public money on **what matters to you**.
